COLDPRESS  
PRO

Commercial  
Cold Press  
Juicer

# Commercial Cold Press Juicer

Upgrade your juicing with commercial grade cold press juicer machine.

## Max Yield

Advanced pressing technology to ensure maximum yield

## Easy Operation

Easy to operate, Clean and maintain

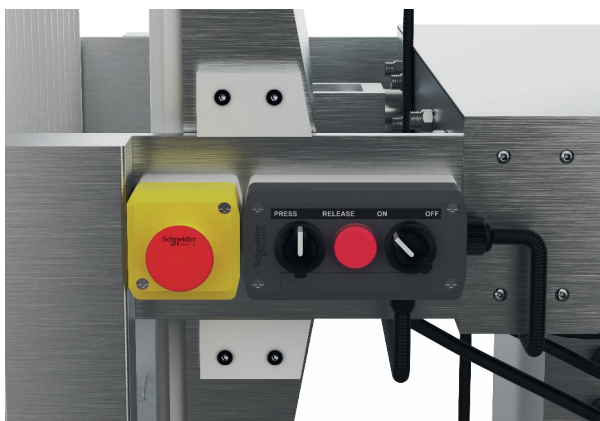

## Affordable

Now cold pressing affordable to your juicing business

## 3 Year Warranty

Empowering to buy with confidence

# COLDPRESS PRO

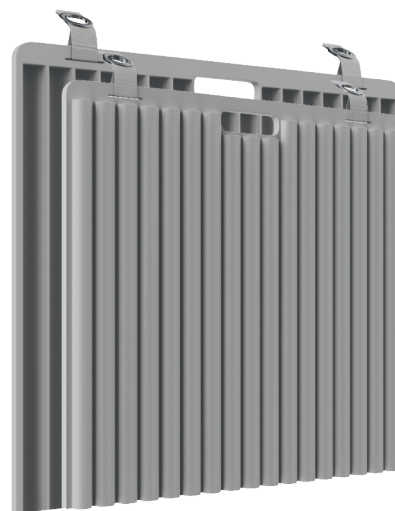

## Schneider Control Panel

To comply with industrial standards, Coldpress PRO control panels incorporate premium Schneider Electric controllers. Ensuring safe operation, the machines are equipped with modern electrical safety devices such as ELCB, MCB, Safety Relays, and emergency switches.

## Max Yield Pressing Pads

Coldpress PRO pressing pads are specially designed & manufactured to ensure maximum yield and to avoid spilling while pressing. Maximum Yield, thus Maximum Profit!

## Durable Pressing Bags

Food-grade high-pressure tolerant pressing bags helps to squeeze out maximum juice from the fruits & vegetables without pulp.

**75-150L**  
Per Hour

\*Yield may vary based on the variety of the fruit/vegetables used.

**2000+**  
Bottles Per Day

\*The calculations are made based on 8 working hours per day.

## Easy process with Best features

Coldpress PRO PR600G juicer is a combination of the best features while making sure easy operation.

### Food Grade Stainless Steel

Manufactured with food-grade stainless steel

### Schneider Electric Controllers

Control panels are equipped with high quality electric components

### Max Yield Pressing Pads

Specially designed pressing pads for maximum yield

### Food Grade Pressing Bags

High strength food-grade pressing bags suitable for all kinds of produces

### 10 Ton Hydraulic Power

Powered by two hydraulic cylinders produces 10 tons of pressure

### Collection Tank with Tap

Food-grade collection tank with spout

## Technical Specs

### Model

Model : PR600G  
Made in : Dubai - UAE

### Power Ratings

230 Volt  
Single Phase  
1.5KW, 50Hz

### Dimensions

Machine Dimention :  
71cm(L), 73cm (W), 170cm(H)

Packaging Dimention :  
91cm(L), 93cm (W), 195cm(H)

### Weight

Equipment Weight : 225 Kg  
With Packaging : 255 Kg

### Production Capacity

7 - 12 Liters Per Press  
75 - 150 Lietrs Per Hour

\*Output may vary depend on  
variety of fruits or Vegerables

### Produce Varieties

Fruits, Vegetables, Leaves & Nuts

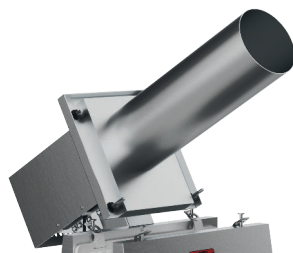

## Cold Pressing Process

### Step 1

#### Prepare

Wash and prepare the  
fruits/vegetables for juicing.  
Cut them into small  
pieces if required.

### Step 2

#### Grind

Grind the produce into the  
pressing bag

### Step 3

#### Press

Press for 3-5 min. Additional  
10-15% yield can be obtained  
by pressing twice after  
mixing the pulp.

### Cold Pressed Juice

Get up to 12 Liters of  
cold-pressed juice in each  
press.

## Versatile Juicing Capability

Leafy Greens

Soft Fruits & Vegetables

Citrus

Melons

Pomegranate

Root Vegetables

Nuts

Coldpress Pro PR600G is capable of juicing a wide variety of fruits, vegetables, leafy greens and nuts.

## Package & Pricing

### Coldpress Pro PR600G

- 2X** Pressing Pads
- 5X** Pressing Bags
- 3X** Grinding Blades
- 2X** Juice Collection Tank
- 1X** Maintenance Kit
- 1X** User Manual

# \$14990

## What is Cold-Pressed Juicing?

Cold pressed juices made with a hydraulic press that uses high pressure to extract the maximum amount of juice from fresh fruits, vegetables and green leaves. No additional heat or oxygen is used in the process, meaning that no nutrients are lost compared to other method of juicing.

## Cold-Pressed Juicing Industry

Cold-pressed juices are rapidly growing in popularity worldwide. The increase in health and fitness awareness among the population is a factor for the market growth. The benefits associated with cold-pressed juices such as the richness of vitamins, minerals, and antioxidants help in the elimination of body toxins impose a positive factor for the growth of the market. However, in comparison to the other available juices, cold-pressed juices are expensive, mainly because of the cold-press machine. Coldpress PRO making cold press juicing is affordable to all.

### Other Juice

- Less nutrition values
- Less enzyme values
- Pulpy
- More Oxidation
- More Separation

### Cold Pressed Juice

- High nutrition values
- Natural taste
- High enzyme values
- Less Pulp
- Less Oxidation
- Less Separation
- Consistent & Smooth
